

Affordable 4-core optical cable

Overview

Fiber Patch Cables, Multimode & Singlemode Duplex Fiber Optic Cables, Secure Order Fiber Patch Cords, Preferred Mil. Edu. Gov.

Key Takeaways

4-core fiber optic cables are available at low prices starting from as little as \$0.004 per meter for bulk orders, with options for both indoor and outdoor use. Pricing and Suppliers

You can find low-cost 4-core fiber optic cables from multiple suppliers:

- Alibaba offers armoured 4-core outdoor cables starting at \$0.004-\$0.05 per meter for bulk orders, with minimum order quantities (MOQ) ranging from 1 meter to 1 kilometer depending on the type and supplier .
- Made-in-China lists single-mode and multimode 4-core cables priced between \$0.02-\$0.03 per meter for 2,000 meters MOQ, suitable for FTTX and FTTH applications .
- CableWholesale and FiberOptics4Sale provide bulk fiber optic cables for indoor and outdoor use, including single-mode and multimode options, with competitive pricing for long-distance networking .

Types and Applications

- Single-mode cables: Narrow core (8-10 μm), ideal for long-distance transmission up to 40 km, commonly used in telecommunications and external networks .

- Multimode cables: Larger core (50–62.5 μm), suitable for shorter distances (up to 2 km indoors), often used in LANs, data centers, and building infrastructures .
 - Armoured cables: Provide extra protection against environmental hazards, rodents, and mechanical stress, suitable for outdoor or industrial installations .
 - Indoor cables: Flexible, easy to handle, often with LSZH jackets for safety .
- Key Considerations
- Bandwidth and distance: Single-mode supports higher bandwidth over long distances; multimode is cost-effective for short-range applications.
 - Installation environment: Outdoor cables require UV, water, and temperature resistance; indoor cables prioritize flexibility and ease of installation.
 - Bulk purchasing: Ordering in bulk significantly reduces per-meter cost, especially from factory OEM suppliers .
 - Customization: Many suppliers offer OEM/ODM options for cable length, jacket material, and core type to meet specific project requirements . For low-cost procurement, consider suppliers like Alibaba, Made-in-China, and specialized bulk distributors, focusing on MOQ, cable type, and intended application to ensure both affordability and performance.
