

Canadian Electrical Cable Tray Supports

Overview

Cable Tray & Instrument Supports | Mechano Max From our modular steel fabrication shop in Calgary, Mechano Max designs custom cable tray supports and instru.

Key Takeaways

Canada offers a wide range of CSA-approved cable tray supports, including modular, bolt-together, aluminum, and steel systems suitable for industrial and commercial installations.

Key Manufacturers and Suppliers

Mechano Max specializes in custom electrical and instrument supports for industrial and energy facilities across Canada. Their bolt-together steel supports allow for quick installation without welding or hot-work permits, and they can be reconfigured on-site as instrumentation evolves, providing flexibility for future expansion .

Unitray is a leading Canadian manufacturer of aluminum cable trays, offering a variety of tray systems suitable for commercial and industrial applications .

Niedax CER provides a diverse range of CSA-approved cable management products, including cable ladders, cable trays, basket trays, channel trays, and underfloor ducts. Their solutions focus on efficiency, safety, and reliability, catering to electricians, engineers, and architects .

ABB T&B Cable Tray Systems® manufactures aluminum and steel ladder trays, one-piece trays, channel trays, and ExpressTray® wire basket trays. Their facilities in Quebec and Alberta serve Eastern and Western Canada, offering custom lengths, rung spacing, colors, and pre-drilled grounding holes .

Canadian Industrial Electrical Supply stocks new and surplus aluminum cable trays and instrumentation trays ranging from 4" to 36", providing options for immediate availability .

Types of Cable Tray Supports

- Ladder Trays: Ideal for heavy-duty cable support and ventilation.
 - Basket Trays: Flexible wire mesh trays for light to medium loads.
 - Channel Trays: Compact solutions for smaller cable runs.
 - Bolt-Together Modular Supports: Allow for quick assembly, on-site adjustments, and future expansion without welding.
 - Underfloor Ducts: Streamline installations in commercial or industrial buildings.
- Considerations for Selection
- Material: Aluminum for lightweight and corrosion resistance; steel for heavy-duty applications.
 - CSA Approval: Ensures compliance with Canadian safety standards.
 - Installation Flexibility: Modular or bolt-together systems reduce downtime and eliminate hot-work permits.
 - Customization: Some suppliers offer custom lengths, colors, and configurations to meet specific project requirements.
 - Regional Availability: Suppliers like ABB T&B and Canadian Industrial Electrical Supply provide coverage across Canada, including Quebec, Alberta, and Western regions.

Canadian electrical cable tray supports provide versatile, safe, and efficient solutions for managing electrical and instrumentation cabling in industrial, commercial, and energy facilities, with options for customization, modularity, and compliance with CSA standards.
