

Civilian Cable Tray Manufacturer

Overview

Cable trays and baskets are designed to help support and route cable bundles in an organized manner along ceilings or walls.

Key Takeaways

Shujie Electric, Shilden, APEXTRAY, and ECTRAY are leading manufacturers of civilian cable trays, offering a range of materials, designs, and customization options for residential and commercial applications. Shujie Electric

Shujie Electric specializes in civilian cable trays for homes and offices, focusing on safety, durability, and convenience. Their products are made from fire-resistant engineering plastics, supporting voltages of 220-240V and power loads of 2000-3000W. They offer cord lengths of 10, 15, and 20 meters with 4-6 sockets, and the reel design ensures smooth cord winding and prevents tangling. Shujie also provides CE-certified products, fast delivery, and custom options for wholesale or export markets, suitable for linking computers, lighting, kitchen devices, and other home equipment .

Shilden

Shielden manufactures high-performance cable trays using materials such as stainless steel, galvanized steel, aluminum, and FRP/GRP composites. Their trays are ideal for industrial plants, commercial buildings, data centers, and offshore platforms, offering corrosion and fire resistance. They provide ladder, perforated, wire mesh, solid bottom, and channel trays, with custom solutions for specific project requirements. Shielden emphasizes easy installation, maintenance, and long-term durability, making them suitable for both civilian and industrial applications .

APEXTRAY

APEXTRAY produces solid bottom, ladder, and perforated cable trays with customization services. They use galvanized steel, stainless steel, and aluminum to ensure durability and reliability. APEXTRAY provides installation support, expert consultation, and industry-specific solutions, with lead times typically ranging from 10–30 days depending on order size and specifications. Their products are designed to meet industrial and commercial standards, with a focus on quality control and compliance .

ECTRAY

ECTRAY offers a wide range of perforated, standard, heavy-duty, aluminum alloy, and marine cable trays, including mesh and trunking systems. Their trays are made from high-quality materials like Zinc Aluminum Magnesium (ZAM) and are suitable for conventional buildings, industrial plants, precision machine rooms, ships, and offshore platforms. ECTRAY emphasizes structural robustness, neat wiring, and reliable protection, with support systems available in various thicknesses and coatings, including pre-galvanized, hot-dipped galvanized, and painted options .

Summary

For civilian applications, Shujie Electric is ideal for residential and office use with fire-resistant plastic trays and convenient reel designs. Shielden, APEXTRAY, and ECTRAY provide more versatile solutions suitable for commercial, industrial, and specialized environments, offering metal and composite materials, custom designs, and robust installation support. All manufacturers provide CE certification or equivalent quality assurance, ensuring safe and reliable cable management solutions.
