

Complete power distribution box with metering

Overview

Equipped with a multifunctional electricity meter, leakage circuit breaker, and a maximum rated current of 20A branch circuit breaker; **SAFE AND RELIABLE:** This power outlet box comes with 4 NEMA 5-20 IP44 waterproof sockets. XL-800 power distribution cabinet is suitable for power distribution of three-phase four-wire or three-phase five-wire system with AC voltage of 500 volts and below in power plants and industrial and mining enterprises. Designed in line with the. Multiple-customer system with six meter panels, a pre-meter unit and meter unit in separately lockable cabinet parts With copper rail system and LV/HV switch disconnecter fuses Custom design, non-metered, with all outlets individually fused With integrated main distribution House service boxes. Single-family house complete meter cabinet according to DIN VDE 0603 with 3-point counter space and 5-pin busbar system in the mains connection space. Distribution panel 5 rows with APZ space. Suitable for surface-mounted. Eaton's Pow-R-Line 3a distribution panelboards provide a compact and flexible solution for electric power distribution with integrated breakers, metering and surge protection.
