

ESFP optical module for sale price

Overview

Huawei Optical Transceiver eSFP Ge Multi-mode Module 850nm 0 Find many great new & used options and get the best deals for Huawei Optical Transceiver eSFP.

Key Takeaways

The cost of an ESFP optical module, such as the Huawei eSFP-GE-SX-MM850, starts at approximately €5.13. Pricing Overview

The Huawei eSFP-GE-SX-MM850 is a 1G short-reach multimode optical transceiver compatible with Huawei switches and routers. It supports transmission distances up to 550 meters over OM2 fiber and 275 meters over OM1 fiber, with a duplex LC/UPC interface and 0°C to 70°C operating range. This module is listed at €5.13 on EdgeOptic for EU stock, with next-day shipping and a lifetime warranty . Other ESFP modules, such as single-mode 1310nm variants (e.g., RTX139-230 or PT7620-41-2W), are available on platforms like Amazon, though prices may vary depending on vendor, region, and shipping .

Factors Affecting Cost

- Module type: Multimode (MM) modules like the eSFP-GE-SX-MM850 are generally less expensive than single-mode (SM) modules.
- Transmission distance: Longer-range modules typically cost more.
- Brand and compatibility: OEM modules (Huawei-branded) may be priced higher than third-party compatible modules.

- Purchase volume: Bulk orders often reduce per-unit cost.

Summary

For a standard Huawei-compatible ESFP module, expect prices starting around €5–€10 for short-reach multimode modules, while single-mode or higher-performance modules may cost more. Always confirm compatibility with your network equipment before purchasing .
