

Genuine Tray Cable Tray Prices

Overview

Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Same and Next Day Delivery.

Key Takeaways

Tray-type cable trays typically range from \$0.80 to \$76 per unit depending on material, size, and purchase volume. Price Overview

The cost of tray-type cable trays varies significantly based on material, length, and supplier type. For standard hot-dip galvanized ladder-type trays with a length of 2.4 meters, prices are generally in the lower range for bulk B2B purchases and higher for retail or specialized materials like stainless steel .

- **B2C Retail Prices:** For small-scale or consumer purchases, tray-type cable trays are priced between \$15 and \$34 per unit, often sold on platforms like Amazon for home or office use .
 - **B2B Wholesale Prices:** Bulk purchases for industrial or construction projects can range from \$0.80 to over \$76 per unit, depending on the material (steel, stainless steel, aluminum) and specifications .
- Material and Type Considerations
- **Steel or Galvanized Steel:** Common for industrial and commercial installations; offers durability and moderate corrosion resistance .
 - **Stainless Steel (SS 304):** Higher corrosion resistance, suitable for harsh environments; typically at the higher end of the price range .

- **Perforated or Solid Tray Designs:** Perforated trays allow better ventilation and cable management flexibility, which may slightly increase cost .

Additional Factors Affecting Price

- **Length and Width:** Standard lengths are usually 2.4 meters, but custom sizes can increase cost .
- **Fittings and Accessories:** Elbows, tees, and supports are priced per piece and add to the total system cost .
- **Supplier and Volume:** Direct manufacturers or bulk suppliers offer lower per-unit prices, while retail platforms charge more for convenience and smaller quantities .

Summary

For a genuine tray-type cable tray, expect to pay \$0.80-\$76 per unit depending on material, size, and purchase volume. For standard 2.4-meter galvanized steel trays, retail prices are around \$15-\$34, while bulk industrial orders can be significantly cheaper per unit . Always consider material, environment, and required fittings when budgeting for a complete cable tray system.
