High-temperature resistant fiber optic end-face cleaning pen installation solution for Madagascar

Overview

This precision cleaner quickly and safely cleans the end face of fiber optic connectors, while eliminating electrostatic charges that promote particles adhering to the end face surface. The cleaning formulation is plastic safe and residue free. Fluke Networks Fiber Optic Cleaning Kits contain the best fiber optic cleaning tools and products to effectively remove the toughest contaminants in any optical fiber cable (OFC) network. They also dissipates static charge, which prevents attracting airborne contamination that cling to the end face. Fiber Optic Cleaner Pen is designed to specially work well with the female connectoers, this instrument cleans the ferrule end faces removing dust, oil, and other deberis without nicking or scratching the end face.
