

Monaco Pigtail Channel Manufacturer

Overview

1,000+ Monaco Pigtail Jumper Wire Wholesale Manufacturer Today's top 1,000+ Monaco Pigtail Jumper Wire Wholesale Manufacturer jobs in United States. Leverage.

Key Takeaways

There is no widely known manufacturer in Monaco exclusively producing pigtail channels, but companies like Acme Monaco and international suppliers shipping to Monaco can meet related needs. Local Manufacturer Options

Acme Monaco, Inc. is a Monaco-based manufacturer specializing in metal-formed products, wire forms, and custom guidewires. While they primarily focus on orthodontic archwires, medical springs, and precision wire components, their expertise in custom wire forming may allow them to produce pigtail channels or similar wire assemblies on request. They have in-house equipment and design capabilities suitable for custom orders.

International Suppliers Serving Monaco

Shenzhen Angnet Technology manufactures fiber optic pigtails with various connector types (SC, LC, FC, ST, MTRJ) and fiber specifications (OM1, OM2/OM3/OM4, OS2). They offer pre-terminated pigtails in lengths from 1 to 3 meters, with longer lengths available on request, and can ship to Monaco. This is a practical option if your application involves fiber optic pigtail channels rather than metal wire forms.

Recommendations

- Contact Acme Monaco to discuss custom fabrication of pigtail channels or wire forms that meet your specifications. Their in-house design and manufacturing capabilities make them a potential local solution .
- Consider international suppliers like Angnet if your project requires fiber optic pigtails with specific connectors and lengths .
- Clarify your application (fiber optic vs. electrical wire vs. mechanical pigtail) to ensure the manufacturer can meet technical requirements. By combining local Monaco expertise with international suppliers, you can source pigtail channels efficiently while maintaining quality and customization options.
