

Price List of Stainless Steel Cable Trays in the UK

Overview

Cable Trays | Cable Management Trays Shop Cable Trays, Wire Trays & Cable Baskets, Steel & Stainless Steel Cable Trays. Professional Cable Management with.

Key Takeaways

Stainless steel cable trays in the UK typically range from £30 to £150 per 3-meter section, depending on size, type, and stainless steel grade. Overview of Pricing

The cost of stainless steel cable trays varies based on tray type, width, and material grade:

- Wire mesh cable basket trays (e.g., 100mm wide, 3m length, AISI 304 stainless steel) are priced around £30–£50 per section for standard sizes .
- Ladder or heavy-duty trays in 304 or 316 stainless steel, suitable for industrial applications, can range from £80 to £150 per 3-meter section, depending on width and load capacity .
- Custom widths or specialized grades (316 stainless steel for marine or chemical environments) may cost more due to enhanced corrosion resistance and durability .

Factors Affecting Price

- Material Grade:
- 304 stainless steel: Standard corrosion resistance, suitable for most indoor and outdoor environments.

- 316 stainless steel: Higher corrosion resistance, ideal for marine, chemical, or high-moisture environments, generally more expensive .

- Tray Type:

- Basket trays: Lightweight, easy to install, moderate cost.

- Ladder trays: Heavy-duty, support larger cable loads, higher cost.

- Single rail or perforated trays: Prices vary depending on design and load capacity .

- Size and Configuration: Wider trays (up to 900mm) and longer sections increase cost. Accessories like bends, tees, and risers also add to the total price .

Suppliers in the UK

- RS Components: Offers a wide range of stainless steel trays, including 304 and 316 grades, with fast delivery options .

- Direct Channel: Specializes in wire mesh cable basket trays, with 3m sections available for around £30-£50 .

- Cable Joints UK: Provides light, medium, and heavy-duty trays in multiple widths and grades, suitable for industrial applications .

- CEF: Offers durable stainless steel trays for commercial and industrial installations, with flexible sizing options .

- Lasnek: Supplies high-quality stainless steel trays for various industries, emphasizing reliability and long-term performance .

Conclusion

For standard 3-meter stainless steel cable trays in the UK, expect prices from £30 for small wire mesh baskets to £150 for heavy-duty ladder trays. Costs increase with wider trays, 316 stainless steel, or specialized configurations. For bulk orders or trade pricing, contacting suppliers directly is recommended to obtain the most accurate quotes and delivery options .
