

Price of G652 Fiber Optic Cable

Overview

G.652 Fiber Explore a wide range of our G.652 Fiber selection. Find top brands, exclusive offers, and unbeatable prices on eBay. Shop now for 6 Strand Indo.

Key Takeaways

G.652 fiber optic cable typically costs between \$0.09 and \$6 per foot, depending on quantity, type, and installation requirements. Retail and Wholesale Pricing

- Wholesale bulk purchases of G.652 single-mode fiber can range from \$0.09 to \$1.52 per foot depending on the number of strands, cable construction, and supplier .
- Retail prices for standard single-mode G.652 fiber generally fall between \$1 and \$6 per foot, with higher prices for pre-terminated or armored cables .
- For example, a 1,000-foot bulk cable may cost around \$0.57 per foot on platforms like Amazon .

Factors Affecting Cost

- Cable Type and Strand Count: Single-mode fiber is less expensive per foot than multimode fiber, but higher strand counts increase the price proportionally. A 12-strand cable may cost around \$0.50 per foot, while a 24-strand cable can reach \$1 per foot .
- Construction and Rating: Indoor riser-rated cables are cheaper than plenum-rated or armored cables. Armored cables suitable for outdoor or direct burial applications can cost \$0.50 to \$5 per foot .
- Installation Considerations: Costs increase with trenching, splicing, and termination. Labor can range from \$0.60 to \$3 per foot, depending on terrain and complexity .

- Project Scale and Location: Urban areas may have higher permit and labor costs, while rural areas may have lower labor but higher delivery costs .

Example Cost Estimates

- Basic indoor run (1,000 ft): Cable \$0.40/ft, labor \$1/ft, total $\approx$ \$2,650-\$3,100 .
- Mid-range outdoor run (2,000 ft): Cable \$0.70/ft, labor \$1.60/ft, total $\approx$ \$4,940-\$6,120 .
- Premium outdoor armored run (5,000 ft): Cable \$1/ft, labor \$3/ft, total $\approx$ \$11,000-\$14,500 . In summary, G.652 fiber optic cable costs vary widely based on length, strand count, cable type, and installation complexity. For bulk material purchases, expect \$0.09-\$1.52 per foot, while retail or pre-terminated cables can reach \$1-\$6 per foot.
