

Singapore Outdoor Power Distribution Box Manufacturer

Overview

At Spanners International, all our products are innovatively designed to meet your projects" requirements.

Key Takeaways

Leading manufacturers in Singapore for outdoor power distribution boxes include Asiatic Group (Hensel products) and Spanners International, offering IP-rated, weatherproof, and customizable solutions. Asiatic Group – Hensel Products

Asiatic Group supplies Hensel outdoor distribution boxes designed for harsh environmental conditions, including dust, humidity, and extreme weather. Their product range includes ENYCASE cable junction boxes, ENYBOARD small distribution boards, ENYSTAR combinable enclosures, and ENYMOD Mi distribution boards. These enclosures are made from thermoplastic polystyrene and polycarbonate, are UV-resistant, halogen- and silicon-free, and provide IP65 to IP67 protection against dust and water. They are suitable for commercial, industrial, and photovoltaic applications, and can be customized to customer requirements for outdoor installations .

Spanners International Pte Ltd

Spanners International manufactures outdoor low-voltage distribution pillars and feeder pillars widely used by utilities and infrastructure projects. Their products are IP54/IP55 rated and comply with IEC 60529 standards. Key features include aluminum clamping systems for cables, copper busbar systems, DIN-type fuse bases, and secure two-key locking mechanisms. They also provide specialized enclosures for traffic light controllers, public lighting, bus shelters, and residential cable distribution, with options for thermal insulation and built-in cooling systems .

Additional Suppliers

- The Enclosure People Pte Ltd offers a range of electrical and instrumentation enclosures, including hazardous area products, partnering with manufacturers from Singapore, Europe, and Asia. They provide solutions for oil & gas, petrochemical, pharmaceutical, semiconductor, and industrial sectors, which may include outdoor distribution boxes .

Considerations for Selection

When choosing an outdoor power distribution box in Singapore, consider:

- IP rating (IP54-IP67) for dust and water protection
- Material (thermoplastic, polycarbonate, aluminum, or stainless steel)
- Customization options for size, compartments, and mounting
- Compliance with IEC standards for safety and durability
- Environmental resistance to UV, corrosion, and extreme weather These manufacturers provide robust, standard-compliant solutions suitable for commercial, industrial, and utility applications in Singapore.
