

Three Fireproof Cable Tray Manufacturers

Overview

Fire Resistant Cable Tray Need a faster quote, a qualified alternative supplier or a long-term cable tray manufacturing partner?

Send Fire Rated Cable Tray.

Key Takeaways

Apex Tray, Meka Pro, and NewReach are three leading manufacturers of fireproof cable trays, offering certified, high-quality solutions for fire safety in electrical installations.1. Apex Tray

Apex Tray specializes in fire-rated cable trays designed to maintain electrical circuit integrity during fires, ensuring emergency systems like lighting, alarms, and smoke control remain operational . Their trays are made from special steel or fire-resistant coatings and can include fire barriers or wraps to protect cables. Apex Tray products comply with national and international fire safety standards, making them suitable for high-risk areas, data centers, hospitals, and vertical shafts in tall buildings .

2. Meka Pro

Meka Pro offers fire-resistant cable support systems that are rigorously tested according to EN 1363-1 standards . Their product line includes over 1,200 fire-tested solutions, ensuring that critical electrical equipment continues to operate during a fire. Meka Pro emphasizes non-toxic, fire-resistant materials and provides detailed installation instructions to comply with international safety norms. Their systems are designed to withstand heavy loads without collapsing, maintaining clear rescue routes and operational safety .

3. NewReach

NewReach manufactures fire-rated cable trays using advanced technologies like FLAMMOTECT-A and DG-CR 0.7, providing resistance to fire and environmental hazards . Their trays are made from stainless steel, galvanized steel, tempered glass, and fire-resistant polyester fiberglass, coated with specialized fire-resistant powder. NewReach trays are tested to meet ISO 834-1, EN 1363-1, DIN 4102-12, and AS/NZS 3013:2005, offering up to 2-hour fire ratings at 1050°C. They are designed for heavy loads, non-toxic operation, and compliance with global safety standards . These three manufacturers provide reliable, certified solutions for fireproof cable management, ensuring safety, compliance, and operational continuity in critical electrical installations.
