

Three-in-one socket panel for network cable and fiber optic cables

Overview

The 3-port hybrid fiber wall outlet with 1 SC simplex and 2 Ethernet ports is a compact indoor enclosure designed for FTTH (Fiber-to-the-Home) applications, providing a reliable and efficient solution for connecting optical fiber to end-user devices. This mini ftth termination box allows installers. GL FIBER focuses on optical fiber OEM production services, and is committed to providing customers with brand customization, personalized packaging design, optimal cable structure design, and the best packaging design for international container transportation. Browse a variety of port types and mounting solutions to meet your needs. Industrial splice box and patch panel in one housing for DIN-rail mounting. FIMP-XL-Hybrid combines two different worlds: Glass fiber and copper cables. Designed for 19" rack systems, this panel accommodates up to three LGX adapter plates or MTP/MPO cassettes, supporting up to 72 fibers in a single unit. With a sliding tray. NG4access ® Cabled Modules available in all module sizes and fiber counts up to 864 fibers NG4access ® Splice Tray Four sizes of interchangeable Propel fiber pass-through adapter packs provide the breadth of capabilities for virtually any configuration.
