

Two-control distribution box

Overview

Use to control 2 groups of luminaires independently of each other. All flex7 Lighting Distribution Boxes support standard (on/off) or dimmable lighting control, emergency or non-emergency. STAHL's system solutions allow electrical energy to be safely distributed and controlled in hazardous areas. Thanks to our modular system, the right solution for any application is just. Simple junction box to connect mains feed to all 10 luminaires in two groups of 5, or one group of up to 10 luminaires (depending on switching capacity of PIR or dimming capacity of SensaDigital/SensaLink head if used), via slim, latched, GST18 connection leads. Ideally suited for SensaDigital and. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise.
