

Wall-mounted energy storage cabinet 48V for use in intelligent computing centers

Overview

10kwh wall mounted Lithium Iron Phosphate (LiFePO₄) deep cycle battery energy storage system battery module.

Key Takeaways

The cabinet/wall mounted integrated lithium energy storage battery features two sets of 48V/51. 2V 100AH lithium battery packs, and adopts an exclusive frame structure, which can be compatible with both wall mounted and rack/cabinet installation methods. Light weight, Small size, Long cycle life, using high-quality LiFePO₄ Cells, the cycle life is as high as 6000 times Support RS485, RS232, CAN etc. Intelligent battery management system, all-round monitoring of battery pack system status, multiple protections. please feel free to leave your message here, or send an email to info@elecnonewenergy.com Experience industrial-grade power reliability: Our 48V 150Ah cabinet lithium battery delivers 7. Engineered for demanding commercial and industrial applications, this heavy-duty solution provides stable backup power for critical. 10kwh wall mounted Lithium Iron Phosphate (LiFePO₄) deep cycle battery energy storage system battery module. It can be used in series or in parallel. 2V 200Ah 10240Wh cabinet energy storage series can be easily integrated into existing power grids, micro-grids or renewable energy systems, and can be used as a reliable backup power source or.
