

Where are electrical distribution boxes manufactured in Guyana

Overview

Power Distribution Panel In Guyana We use cut-edge tools and modern machinery to manufacture premium quality Electrical Panels, LT Distribution Panels, Cabl.

Key Takeaways

Electrical distribution boxes in Guyana are manufactured locally by companies such as Brilltech Engineers Pvt. Ltd. and supplied by firms like Worldwide Electric Inc. and IBN. Local Manufacturers

Brilltech Engineers Pvt. Ltd. is a prominent manufacturer of electrical panels and distribution boxes in Guyana. Established in 2007, the company produces custom-designed power control panels, HT panels, fire panels, and capacitor panels according to client specifications. Their manufacturing process adheres to industry standards, ensuring high-quality performance and reliability for residential, commercial, and industrial applications. Brilltech emphasizes timely delivery and post-sales support, making it a key local source for electrical distribution equipment.

Suppliers and Distributors

Worldwide Electric Inc., based in Guyana, supplies electrical products and services primarily to the local market, extending to the Caribbean and Latin America. While they focus on distribution, they collaborate with manufacturers to provide advanced electrical solutions . IBN Guyana has formalized contracts with Guyana Power and Light Inc. to supply electrical distribution products, including transformers, cables, and related equipment. While their focus is on supply, they play a significant role in maintaining and supporting the local electricity distribution infrastructure .

Product Types

Locally manufactured distribution boxes in Guyana include:

- Power control panels
- High-tension (HT) panels
- Fire and capacitor panels
- Custom electrical distribution boxes for residential and commercial use These products are designed to meet safety standards and are often tailored to specific voltage and load requirements .

Summary

In Guyana, electrical distribution boxes are primarily manufactured by Brilltech Engineers Pvt. Ltd., with additional supply and support provided by companies like Worldwide Electric Inc. and IBN. These local manufacturers and suppliers ensure that the country has access to high-quality, reliable electrical distribution equipment suitable for various applications .
