

Wholesale Price of Swiss Mesh Cable Trays

Overview

wholesale-price-of-swiss-mesh-cable-trays Since 1982, VALDINOX has been designing and manufacturing wire mesh cable trays, supports, and easy-installation.

Key Takeaways

Wholesale prices for wire mesh cable trays typically range from \$0.80 to \$76 per unit, depending on material, size, and bulk order volume. Pricing Overview

For B2B bulk purchases, such as those from Alibaba or verified manufacturers, prices are significantly lower than retail, reflecting large-volume orders and direct factory sourcing. Wire mesh cable trays made from materials like galvanized iron, mild steel, stainless steel (SS 304/316), or aluminum are available in widths from 50 mm to 600 mm and thicknesses from 0.8 mm to 2.5 mm, which influence the cost .

- Low-end wholesale: Around \$0.80 per unit for smaller, standard trays suitable for light-duty applications .
- Mid-range: \$10-\$30 per unit for medium-sized trays with better load capacity or corrosion-resistant finishes .
- High-end: Up to \$76 per unit for premium stainless steel trays or custom configurations designed for industrial or data center use .

Factors Affecting Price

- Material: Stainless steel trays are more expensive than galvanized iron or aluminum due to durability and corrosion resistance .

- **Size and Load Capacity:** Wider trays or those with thicker mesh support heavier cable loads, increasing cost .
 - **Finish:** Pre-galvanized, hot-dip galvanized, or powder-coated finishes add to the price .
 - **Accessories and Fittings:** Bends, tees, reducers, and coupler plates are sold separately and can affect total system cost .
 - **Order Volume:** Bulk orders reduce per-unit cost significantly, making B2B purchases more economical than B2C retail options .
- Suppliers and Procurement
- **Verified manufacturers and exporters:** Offer factory-direct quotes and technical specifications for bulk orders, suitable for industrial, commercial, and infrastructure projects .
 - **Industrial distributors:** Companies like Grainger and McMaster-Carr provide modular systems with fast delivery but may have higher per-unit costs for smaller orders .
 - **B2C platforms:** Retail prices range from \$15 to \$34 per unit, but wholesale pricing is available for bulk purchases starting as low as \$0.92 .

Summary

For Swiss mesh or wire mesh cable trays, expect wholesale prices between \$0.80 and \$76 per unit, depending on material, size, and order volume. Bulk procurement from verified manufacturers or B2B platforms is the most cost-effective approach for large-scale installations, while retail suppliers are better suited for smaller projects or immediate delivery needs .
